

SUNDAY COLLECTIVE PREMIUM

The year you stop carrying it by yourself.

You already know what to fix. Knowing was never the problem. Sunday comes in six days, and it comes again the week after that. So we come to your church, and then we stay in it with you for a year, installing four systems with your team, in sequence.

THE PROGRAM

MONTH ONE, ON SITE

The Weekend Experience Audit. We are in your building on a Sunday, arrival to dismissal, watching the flow, the guest path, leadership presence, the serve team, and the weekend against your mission. You get a written report with prioritized findings and a 30, 60 and 90 day plan.

EVERY QUARTER

One system installed with your team, in order, built off what we watched, not off a template.

EVERY WEEK

Your numbers, your focus areas, and feedback from your coach. A direct line between sessions.

EVERY MONTH

A working session on your **Install Plan**. It opens with what you said you would do and whether you did.

ONCE A YEAR

The Roundtable. Bring your team and build next year in the room with Sheldon and our coaches.

ALL YEAR

Everything in the Sunday Collective. The Mastermind live every month, the room that does not close between sessions, and the SundayOS Library: over 140 tools and resources.

WHAT YOU ALREADY KNOW

Your people are not inviting anybody. It is not that they do not love the church. They do not know what their friend would walk into.

The guest who came twice and quietly stopped coming is the most expensive person in your building, and you never knew their name.

You are asking the same eight people to cover everything, and every ask costs a little more than the last one did.

The year gets away from you. Easter shows up in March, Christmas in November, and neither got the run at it you meant.

WHAT IT COSTS

Twelve-month term. Audit travel included. You get the number on the call, monthly and annual both, and it goes into the agreement before you sign anything. Ask for it when we talk.
